

BOARD OF COUNTY COMMISSIONERS

AGENDA ITEM SUMMARY

Meeting Date: June 18, 2003

Division: Public Works

Bulk Item: Yes ☐ No ☒

Department: Engineering

AGENDA ITEM WORDING: Approval to amend the 7-Year Roadway Plan to include the paving of No Name Drive, No Name Key in next year's schedule.

ITEM BACKGROUND: No Name Drive is a surface treated road that is deteriorating. A few years ago we surface treated the road instead of paving it at the request of at least one family, perhaps several (the original request cannot be located). We have now received a request from Mr. Ed Rega and two other individuals requesting that the road be paved.

Dear Mr. Koppel:

Pursuant to our recent phone conversation we discussed several issues. In this case we would like to address the paving of No Name Drive. As residents and land owners we are delighted that a great majority of No Name Key recently had roads paved. This created a safe road condition and appearance, along with providing aesthetic beauty to the area.

Along with many other residents on No Name Drive we were appalled to find that our street is un-paved and covered over only with small stones, which creates a hazardous condition and a very poor appearance to our street. Our opinion was never sought as to "Eliminate" No Name Drive from being paved, and to coincide with the other streets in this neighborhood. Our survey was made of the residents of No Name Drive, and all but one or two property owners, have not agreed that new pavement would be beneficial to our street.

Enclosed are several photo's of two roads which were paved, creating a beautiful surface, and then a photo showing a hazardous looking No Name Drive unpaved. All of the residents surveyed, and in favor of pavement restoration, strongly object to the minority who wish to keep our street in a primitive condition. We object to the minority having the power to prevent the county or city from not paving our street so that they remain in unacceptable condition, appearance, safety, and not to mention a devaluation of property values. The residents seeking the street to be paved will not waiver in our demand that the street be paved, as were the others.

Below is a signed petition supporting our cause and signatures of the tax paying residents of No Name Drive. We will be satisfied only when the street in question becomes fully paved. Thank you for your cooperation in our request for betterment of the neighborhood.

We look forward to your response. Certainly, if this decision requires the approval of others in order to execute our request, please provide us the names of key persons who may need to address this issue or become involved in assisting to resolve this problem. Thank you for your cooperation and assistance in this matter.

Sincerely,

Edward Rega
